

COMMERCIAL.

THURSDAY, OCTOBER 18, 1860.

Our last, the arrival of 25 whalers from the Southern seas roundings has given the harbor a more mercantile appearance, and lent to the streets a more business-like aspect. Among the highest hills are those of the *Bragg*, *the Tower*, of N. B., 1650 wh., 22,000 tons, from the Arctic and the *Forward*, Allen, of N. B., 1400 wh., 18,000 tons, from the Octobus. The *Forward* had been on the ice for about five months, and lost, eight whalers arrived at Lahaina, the *Forage*, *Hawland*, of N. B., hailing 1000 wh. and 14,000 tons, the average of the eight being 634 wh. Up to this date no large vessel had been at the port since the *Silver Star*. The *Star* arrived from San Francisco, the clipper ship *Sierra*. She arrived the last month, with Eastern mails of Aug. 21 and 1st September. The *Comet* had arrived over on the 22d, having lost with cubes, which lengthened her passage. She was advertised to sail the 6th for this port. The clipper ship *Storm King*, en route for China, was in a few days after the *Silver Star*, and would stop here before she winds up the coast to the 11th September.

The steamer *Kaimana* has been down, and her keel is still in the water, having suffered damage in the surf at Lahaina. She will probably never get up, though she has been sent to Mr. Daniel Foster of Messrs. Foster & Co., for the manner in which this work was conducted, and for the safe accomplishment of which many of the knowing ones express a doubt.

The *Fenner* will probably leave on the 25th, with a good freight and passenger load.

At present the arrival of many whalers, we can report

no great activity in trade. We quote for sailing rates in:

Moraine, 9c; *White*, 9c; *Red*, 10c.

Corsair, 25c to 26c. *Per Comer*, we may look for an

addition to our stock. Our further report of the *Polysonian*, quoting the daily payables on imports of this merchandise as a specialty of our port, and the Civil Code gives it at 10 per cent, is as follows:

—Which is right?

BRAD—Hawaiian, \$6 to 10c. Fresh baked, 7c.

CHINA—Manila, \$4, importation, jobbing at \$12 P. mill; late do., year 1860, at 14c.

MALACCA—Sale of 700 tons for shipment at 25c. We hear

that market is controlled, and holds asking 50c P. gallon.

SHANGHAI—The market has been strengthened owing to advices per *Silver Star*, and prices rise at 50 to 60, according to quality.

PUKE—The information that the rates at San Francisco were

not knocked by importation of 88,000 tons per *Comet*, has stiffened the article here, and we could be obtained for a lot in shipping order.

SHANGHAI—P. mill, \$15 to 18.

PAKISTAN—Fruit, Hawaiian, best brands, \$11 to 13c; American cans, \$17.50 per cwt.; per cwt., \$30 to 40.

WALNUT—Ivory—We hear of a sale of 2500 lbs. at 62c.

FRENCH—No hear of engagements as do for oil, and 10 for sugar.

THE ADRIATIC—Sale of 5000 lbs. ex *Exmouth*, and goes direct to Honolulu. *Cutter*, *Cobalt*, is taking freight of oil and bone for Bremen, on owners' account.

EXCHANGE—An yet unsettled; we hear of engagements for money supplies on p. 5 per cent premium for dollars is tallied about as the opening rate at which bills will be taken.

SAN FRANCISCO MARKET.

By private advice, dated Sept. 29, we learn that the market was healthy, resulting from an active demand for goods for consumption, and the advantage of almost total deficiency of fresh produce.

In Island and other produce we quote, with an inquiry regarding tendencies:

BRASS—Market here of Eastern men in brass. Domestic brass is beginning to find favor with shippers to China and elsewhere. We note sale of 200 bars for shipment at \$10 to \$12 per cwt. to packers; it is fair to take imports of this market.

PEWTER—An improving tendency under an increasing demand for hardware. New articles, \$2 to 30c. *AMERICAN DRUGS*, \$5 to 10c. *BRITISH DRUGS*, \$7.50 to 15c. *GERMAN DRUGS*, \$10 to 15c. *ITALIAN DRUGS*, \$12.50 to 20c. *CHINESE DRUGS*, \$20 to 30c. *INDIA DRUGS*, \$15 to 25c. *EGYPTIAN DRUGS*, \$25 to 35c. *MALABAR DRUGS*, \$35 to 50c. *INDIAN DRUGS*, \$40 to 50c.

CHINAMAN—Sales S. to 15c to 25c; price ruling low owing to inferiority of packages.

STAINLESS—With an improving tendency. Sand-which Island had moved, but in a limited way: 147 pcks. No. 2 had been placed at 80c to 90c, quantity, 100 lbs. to 120 lbs., and price, \$2 to 15c. *STAINLESS*, \$4 to 15c; *STAINLESS*, \$6 to 12c; *STAINLESS*, \$8 to 15c.

MALABAR—Sales S. to 15c to 25c; price ruling low owing to inferiority of packages.

STAINLESS—With an improving tendency. Sand-which Island had moved, but in a limited way: 147 pcks. No. 2 had been placed at 80c to 90c, quantity, 100 lbs. to 120 lbs., and price, \$2 to 15c. *STAINLESS*, \$4 to 15c; *STAINLESS*, \$6 to 12c; *STAINLESS*, \$8 to 15c.
